

CREATING CUSTOM CHARTS ON HEALTHY SHELBY

Custom charts allow you to present data in a way that is most useful to you. Using Healthy Shelby data, you can customize charts to meet your needs.

Why Create A Custom Chart

Healthy Shelby has many useful data visualizations. However, you might need different:

- 1 Text
- 2 Colors
- 3 Fonts
- 4 Data

Essential Elements of a Chart

Ensure that your custom chart has all of the key information to communicate the data effectively:

ESSENTIAL ELEMENTS OF A CHART

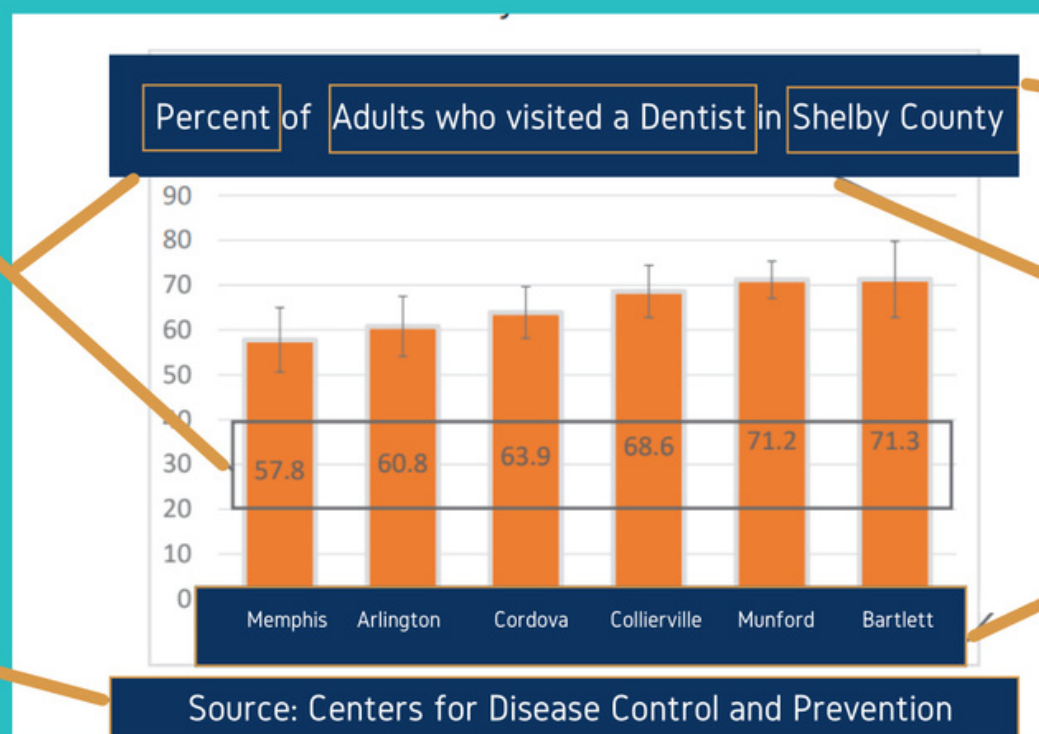

Indicator Value and Unit of Measure

Data Source and Period of Measurement

Indicator Name

Location and Location Type

Technical Notes (if relevant)

Tip: The Essential Elements are Column Headers in the data file exported from www.healthiershelby.com
